

MERN Stack Developer Intern

Location: B-17, Islamabad, Pakistan (Candidates residing near B-17, Wah Cantt, or Taxila will be preferred)

Job Type: Full-time, Onsite (Monday–Friday, 10:00 AM – 6:30 PM)

Education: Bachelor's degree in Computer Science, Software Engineering, or a related field

Duration: 3–6 Months (may lead to a full-time position based on performance)

About IT Solutions Hub 2010 Pvt Ltd

IT Solutions Hub 2010 Pvt Ltd is a globally focused IT company delivering advanced digital solutions, including **ERP/CRM implementation, web and app development, digital marketing, supply chain automation, and outsourcing services**. We help international clients grow through innovation, technology, and world-class service delivery. We are currently seeking a **MERN Stack Developer Intern** who is passionate about building modern, scalable, and high-performance web applications. This role offers hands-on experience across both frontend and backend technologies, providing a strong foundation for a career in full-stack development.

Job Overview:

We are looking for a motivated and enthusiastic **MERN Stack Developer Intern** to join our development team. The ideal candidate should have a basic understanding of **React.js/Next.js, Node.js, Express.js, and PostgreSQL /MongoDB**, along with a desire to learn, collaborate, and grow in a professional environment.

Key Responsibilities:

- Assist in developing and maintaining full-stack web applications using **React.js/Next.js, Node.js, Express.js, and PostgreSQL/MongoDB**.
- Collaborate with design, product, and backend teams to implement and optimize features.
- Work on **API development and integration** between frontend and backend systems.
- Ensure responsiveness, scalability, and performance across different devices and browsers.

IT Solutions Hub

2010 PVT LTD

- Troubleshoot, debug, and improve existing applications under senior developer guidance.
- Write clean, organized, and well-documented code following best practices.
- Use **Git/GitHub** for version control and participate in code reviews.

Requirements:

- Basic understanding of **HTML, CSS, JavaScript, and React.js/Next.js**.
- Knowledge of **Node.js, Express.js, and PostgreSQL/MongoDB**.
- Familiarity with **RESTful APIs** and web application architecture.
- Experience or coursework in **TypeScript, Next.js, or Tailwind CSS** is a plus.
- Understanding of **Git/GitHub** workflows.
- Strong problem-solving mindset and eagerness to learn new technologies.

What We Offer:

- Hands-on training with real-world projects.
- Mentorship from experienced developers.
- Opportunity for **full-time employment** based on performance.
- Exposure to modern development tools and workflows.
- Friendly, collaborative, and growth-focused work environment.

How to Apply:

Send your resume to info@itsolutionshub2010.com or apply via **LinkedIn**.
